# Foreword

## Li Zhiquan

Director General, CHINADA

Throughout 2023, CHINADA achieved fruitful results in ensuring a clean competition environment for Chinese athletes preparing for major events such as Hangzhou Asian Games and Chengdu University Games. CHINADA effectively managed anti-doping efforts across four major events while maintaining high quality in routine tasks. CHINADA also prioritized long-term development by strengthening internal infrastructure and enhancing international collaboration.

Looking ahead to 2024, CHINADA is committed to making every effort to ensure that Chinese athletes compete clean at events like Paris Olympics and Gangwon-do Youth Olympic Winter Games through proactive pre-game anti-doping program. CHINADA will continue expanding testing coverage and conduct targeted tests based on intelligence. Furthermore, CHINADA aims to bolster compliance supervision within its operations while further increasing global influence and participation in the improvement of international rules.

# Major Events

Win Clean Medals, Run Clean Events

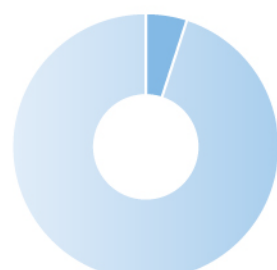

## The 1<sup>st</sup> Student (Youth) Games of China

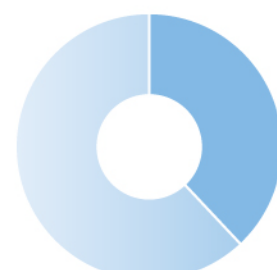

Successfully completed all preparatory work, and carried out anti-doping program

01

Carried out

1,686 tests

Urine 1,610  
Blood 76

Open events 1,071  
All campus events 615

02

## Event-Specific Education

### Pre-Event Education

28,126 athletes and ASPs participated on CADEP platform

## Event-Based Education

The innovative education activities during the Games are highly popular.

- Inter-provincial cooperation: CHINADA+ Guangxi+ Guangdong
- Elite clean sport educators joining into working team
- Organizing a challenge game with a "Clean Sports" theme.

03

## Multiple reporting channels

Publish reporting channels (QR code, telephone, email)  
Put up report posters in cafeterias, accommodation buildings, shops, etc

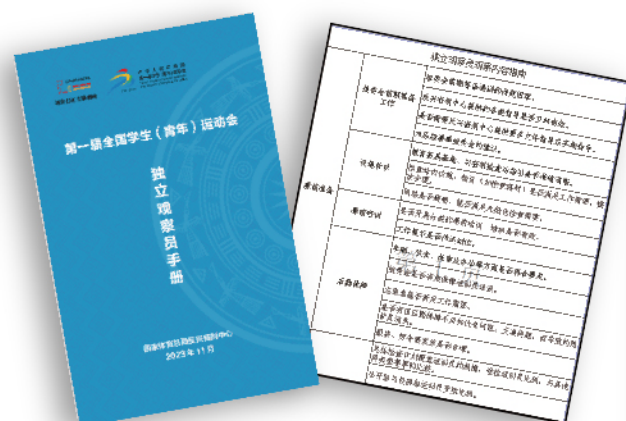

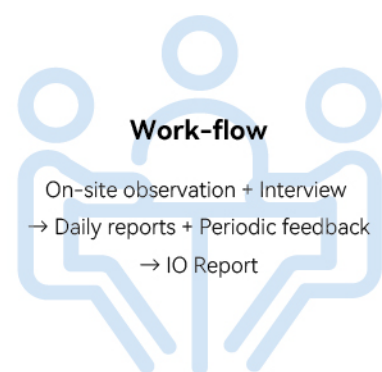

04

## Release of Doping Control Guide for the 1<sup>st</sup> Student (Youth) Games

# 05 Independent Observer Project

## Chengdu FISU World University Games The 19th Asian Games and Para Games Hangzhou

Conducted sample collection and provide support for  
Chengdu Games and Hangzhou Games

Carried out high quality doping control tests

**662** tests

**2,048** tests

Carried out sample collection  
under the guide of ITA

**463** tests

Effectively safeguard fair competition and clean sport.

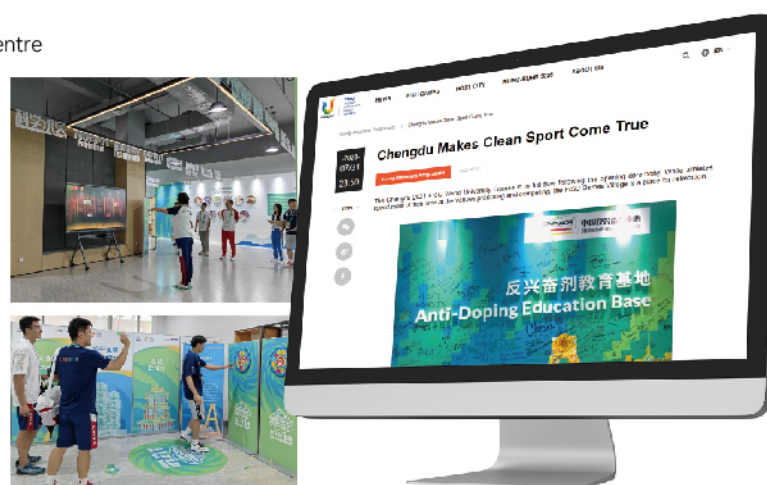

## Event-based Education

Carried out various education activities, which are highly welcomed by athletes and ASPs and praised by WADA, FISU, ITA and OCA.

### Chengdu Games

Set up an anti-doping education centre to deliver knowledge and raise awareness of clean sport.

### Hangzhou Games

Working together for clean sport -- supporting WADA to carry out Athlete Engagement Program for the Hangzhou Asian Games.

### Hangzhou Para Games

Carried out education program jointly with the APC and Organizing Committee at the anti-doping education base.

## Conducted anti-doping programs for Chinese athletes and ASPs participating in major events

01

### Pre-game testing

890 tests

2 rounds of full-coverage tests were carried for athletes preparing for Chengdu Games.

4,730 tests

3 rounds of full-coverage tests were carried for athletes preparing for Hangzhou Games.

02

### Full-coverage pre-event education

Chengdu

616

Hangzhou

3,843

athletes and ASPs participated

03

### Background check of ADRV

Completed background check of ADRV on athletes and ASPs of Chinese Sport Delegation.

# Our Activities

## Education

Build an Athlete-Centered and Ever-Expanding Education Program

### 01 Education Activities

Qualification

813

Outreach

804

Lectures

2,431

### Lecture activities

Selected excellent Clean Sport Educators to carry out education lectures for Hangzhou Asian Games

4 months and 2 days

34 Clean Sport Educators

Traveled 14 provinces and cities

Given 51 lectures to national teams

### 02 Education Resources

Courses

Posters

Brochures

### 03 Event-based education on CADEP

Carried out online anti-doping education for domestic and international events in 2023 based on the CADEP platform, covering 31,790 athletes and ASPs.

# Testing

Be Collaborative, Be Open, Be Sharing.

Conducted tests

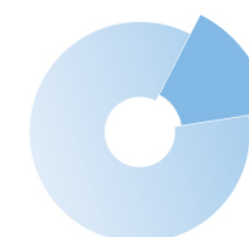

29,754

Collected samples

33,893

Dispatched DCOs

2,870 batches  
7,978 person-time

**As TA**  
25,858 tests | 29,388 samples

**Only as SCA**  
3,896 tests | 4,505 samples

**Urine**  
29,437 tests | 29,747 samples

**Blood**  
3,137 tests | 4,416 samples

**Out-of-competition**  
18,497 tests | 22,358 samples

**In-competition**  
11,257 tests | 11,535 samples

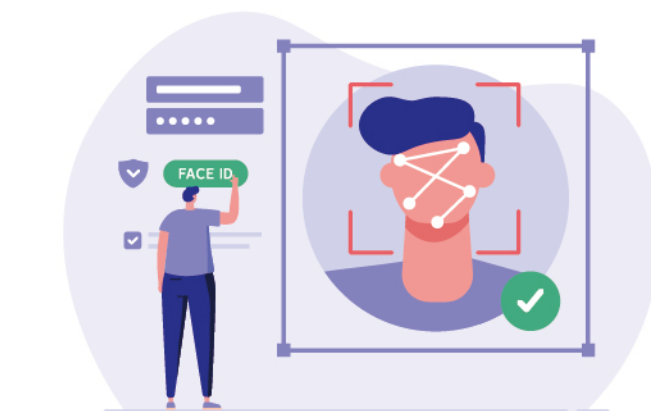

**Domestic**  
29,754 tests | 33,208 samples

**Overseas**  
500 tests | 685 samples

## Overseas Testing Samples in 2023 (Location)

# International Communication

## Openness & Partnership

CHINADA actively participated in various international anti-doping conferences and major events, actively expended the framework for international exchanges, and consistently maintained a close and strong partnership, as well as broaden opportunities and channels for cooperation.

## ADOs

▲ Attending WADA Annual Symposium and actively engage in communication

▼ Play True, One Team--Dialogue with WADA President Witold Bańka  
--with students of Fudan University in Shanghai

► Visiting ITA's headquarter

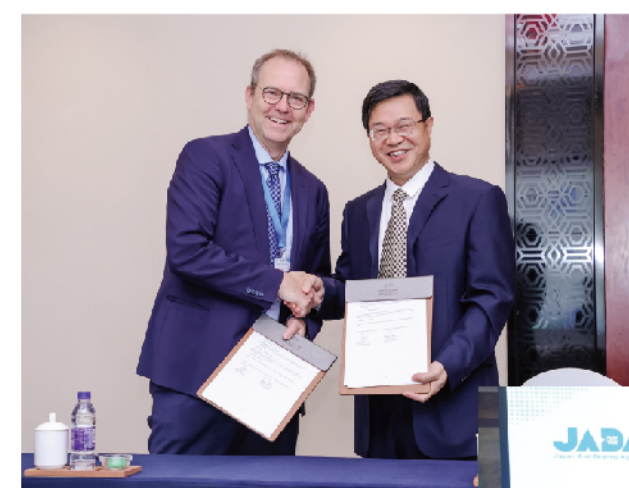

Introducing anti-doping program of Hangzhou Games at the 18th Asia/Oceania Region Intergovernmental Ministerial Meeting on Anti-Doping in Sport

## NADOs

▲ CHINADA and VADC sign for cooperation

CHINADA and Anti-Doping Norway renew anti-doping cooperation

➤ 3 NADO Meeting among JADA, KADA and CHINADA

▲ Anti-Doping Norway's 20-Year Anniversary Celebration and iNADO International Seminar

▲ 2023 WADA TUE Symposium and KADA Seminar

## Scientific research exchange

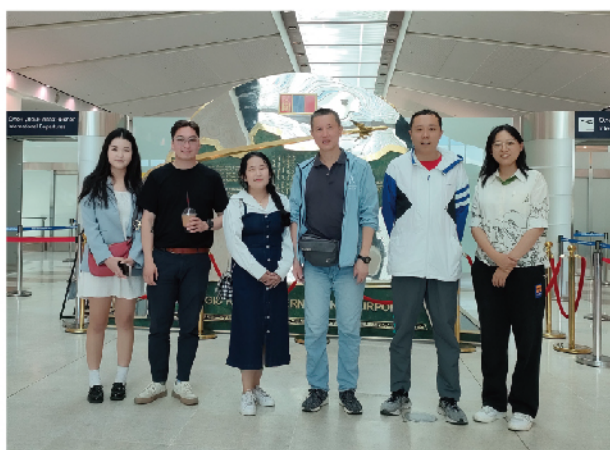

CHINADA staff invited to attend the Ghent University Laboratory Annual seminar and delivered a keynote speech

## The 3<sup>rd</sup> CHINADA International Anti-Doping Symposium

## Major events

Chinese DCOs participated at the East Asian Youth Games in Ulaanbaatar, Mongolia

CHINADA staff invited to participate in anti-doping work at the U15 Gymnasiade Brazil 2023

*Listen to the world  
and let China's voice be heard.*

Reinforce Governance Capability of NADOs

- ▶ NADO Compliance
- ▶ NADO Development and Capacity Building
- ▶ NADO Supporting Major Events
